siibra-tutorials

Some tutorial notebooks for programmatic use of EBRAINS human brain atlas with siibra-python.

Tutorial	About	Link
1	Basic Concepts of reference spaces, brain parcellations, maps and regions	 launch  binder
2	Retrieving multimodal data features for brain regions	 launch  binder
3	Probabilistic assignment of regions to coordinates	 launch  binder
4	Differential Gene Expression Analysis	 launch  binder
5	Compare brain regions to another parcellations	 launch  binder
